

## **Pediatrician Nanaimo, Vancouver Island**

Immediate vacancy for a full-time Pediatrician. Nanaimo has 6 FTE pediatricians providing community and hospital-based work with a 1:6 funded on-call schedule. Part-time or other flexible job-share arrangement would be considered.

Our group rotates "on service" weeks at the hospital 1:6.

Nanaimo Regional General Hospital (224 acute beds) has a dedicated pediatric ward and active outpatient facility supported by a core team of pediatric nurses, dietician, diabetic nurse educator, social worker, and a full-time child life worker.

In terms of community work, we provide general Pediatric consultative care (primary care only for complex patients). Anticipated volume of referrals should provide average of 2-3 office days per week, for this position. Shared office space is available with reasonable overhead.

The hospital has a new state-of-the-art 9-bed, level 2b NICU, providing provincial beds to infants >32 weeks gestation, including short-term ventilation and TPN.

The Nanaimo medical community offers the opportunity for teaching and is a UBC Postgraduate Family Practice Residency Program site.

Nanaimo is an exciting place to live with a breathtaking waterfront. It has a multitude of natural outdoor opportunities, including a vast array of mountain bike and walking trails, year-round kayak/paddle board/sailing and golf opportunities and nearby world class ski hill/surfing. In addition, Nanaimo is home to Vancouver Island University and is fortunate to have its own symphony and theater offering a wide range of cultural events. It is 15 minutes by seaplane to downtown Vancouver and a short trip to Victoria.

Applicants must hold certification with the Royal College of Physicians and Surgeons of Canada and be eligible for full licensure with the College of Physicians and Surgeons of BC.

***Discover Nanaimo – with unlimited possibilities for your career, family and future!***
