

CME

One of the main goals of the BC Pediatric Society is to provide accredited educational events for pediatricians and other health care professionals.

The two main programs we provide are:

[Evening Journal Club](#)

[Dinners](#)

The BC Pediatric Society offers CME accredited evening Journal Club dinners, which feature a speaker and topic identified by the BCPS of interest and importance.

This series of presentations focuses on topics of interest to pediatricians. We survey our members to see what topics they want to hear about, so if you have a request, please let the BCPS Executive Director know at bcpeds@cw.bc.ca.

To view past Evening Journal Club Dinner presentations, please check out the [Member Only site](#). Login required.

Current Offering:

BCPS Journal Club Education Event
Part Two of a Two-Part Series on Mitochondrial Diseases

February 24, 2021 - 7pm
via Zoom

Mitochondrial Diseases, Diagnostic Approach and Management
Dr. Catherine Brunel, MD, FRCPC, FCCMG

Learning Objectives:

1. Approaches to the diagnosis of mitochondrial disorder:
 - Molecular testing: From Single gene to Panel to Whole Exome Sequencing and mtDNA sequencing and deletion/duplication.
 - Biochemical testing in blood, urine and tissue.
 - Functional validation of variants (VUS) in a clinical Diagnostic Laboratory.
 - At the frontier of Research and Clinical Testing: what to do with unsolved cases.
2. Management of mitochondrial diseases:
 - Single organ disease management, the crucial role of the multidisciplinary team.
 - Anesthesia Considerations.
3. Energy metabolism management:
 - How can we allow a better quality of life, how to handle reduce energy capacity - Therapeutic Agents, The Mitochondrial Cocktail, Diet, Exercise and Lifestyle.

Please save the date:

October 22 + 23, 2021

Planning is underway for the 2021 BC Pediatric Society Conference.

More information will be posted as it becomes available.

We Value our Members, and our Members Value Us!

The BC Pediatric Society represents all pediatricians in British Columbia through our affiliation with the Doctors of BC (as the Section of Pediatrics), as well as with the Society of Specialist Physicians and Surgeons. And we advocate on behalf of all the children and youth in British Columbia in terms of health care needs.

When we have the funds, we film these sessions so that if you're not able to attend, you can

still gain a benefit from the lecture and discussion. These videos are posted in the Member Only section under CME and Education.

For these reasons, we really encourage all pediatricians to be members of the BC Pediatric Society.
