## Developmental Pediatrics

BC Children's Hospital / Sunny Hill Health Centre for Children  
University of British Columbia  
Physician Clinical Associate  
(Temporary Part Time 0.40-0.60 FTE)  
12 month term

**BC Children's Hospital (BCCH)** cares for the province's most acutely ill or injured children and youth, provides developmental and rehabilitation services to children and youth throughout BC, and offers a broad range of health services. **Sunny Hill Health Centre for Children (SHHC)**, a leading provincial facility offering specialized services to children and youth with developmental disabilities from birth to age 19, works collaboratively with BCCH. SHHC focuses on the child and their family while supporting health care professionals in their community. BCCH also operates a wide number of specialized health programs, is a leading acute care teaching facility, and conducts research to advance health and care through the BC Children's Hospital Research Institute and in partnership with the University of British Columbia.

**BCCH** and **SHHC** are programs of the **Provincial Health Services Authority (PHSA)** which plans, manages and evaluates specialty and province-wide health care services across BC. PHSA embodies values that reflect a commitment to excellence. These include: Patients first • Best value • Results matter • Excellence through knowledge • Open to possibilities.

**The University of British Columbia (UBC)** is Canada's third largest university and consistently ranks among the 40 best universities in the world. Primarily situated in Vancouver, UBC is a research-intensive university and has an economic impact of \$4 billion to the provincial economy.

An outstanding opportunity is available to join the Division of Developmental Pediatrics at BC Children's Hospital/Sunny Hill Health Centre for Children and the University of British Columbia as a Physician Clinical Associate.

The Division has approximately 15 faculty members and works within a program management model at Sunny Hill Health Centre. This opportunity will provide the successful applicant with an in depth experience with children and their families who have experienced brain injury, needed rehabilitation or have complex neurodevelopmental conditions.

As a Physician Clinical Associate you will be expected to work daily with the Developmental Pediatrician assigned to the inpatient unit and work with the interdisciplinary team in providing evidence-based services to children with developmental disorders. Your role would be for the pediatric management of children who have been admitted to Acute Rehabilitation at SHHC. Inpatient work is assigned in one-two week blocks. No call time is required but could be an option if desired.

Depending on the needed coverage for inpatient work and candidate's availability, some outpatient work within the CDHC or Neuromotor teams could also be assigned. This work would also be supervised by a faculty Developmental Pediatrician. Outpatient work time is negotiable.

The successful candidate will have completed training in Pediatrics at a Royal College certified site and be able to obtain licensure to practice general pediatrics in British Columbia.

The successful candidate will be appointed (rank commensurate with experience) within the Department of Pediatrics and will participate in clinical care, teaching, and any quality improvement projects that are occurring within the programs.

**Anticipated start date: Summer to Fall 2021**

Salary: commensurate with qualifications and experience

**Applications will be accepted until the position is filled.** Please include your most current CV, cover letter of interest, and the names, academic rank, and contact information of four referees (including one from your current employer). Direct your application to:

**Dr. Nancy Lanphear**

Head, Division of Developmental Pediatrics  
BC Children's Hospital/Sunny Hill Health Centre for Children
